Thank you for considering MRA as a beneficiary of your fundraising activities. We look forward to partnering with you to raise critical funds to advance research and cure melanoma.

Whether you want to run a marathon or dedicate your birthday - this toolkit has the information, tips, and resources you need to inspire your friends, family, and community to come together to fight melanoma.

This packet contains the following information:

• An overview of MRA, it’s funded research and overall impact.
• A copy of MRA’s Policies and Procedures for fundraising activities. Please review these carefully.
• A My MRA Fundraiser in-person event proposal form. This form should be completed and returned to MRA as soon as possible (via email development@curemelanoma.org or via mail).
• Information about online tools to support your fundraising efforts.

As a final note, MRA requests all in-person events and promotions be approved in advance. This is an important safeguard in preserving the integrity of MRA’s name and brand, and in protecting our members and donors whose generous contributions are based upon our pledge to keep overhead costs low and raise as much money as possible to find a cure for melanoma.

If you have any questions or concerns, do not hesitate to contact us by calling (202) 336-8944 or emailing development@curemelanoma.org.
Melanoma is one of the fastest growing cancers in the United States, with incidence tripling over the last 30 years.

Every hour, melanoma takes another life in the United States.
Melanoma is a growing global health problem, with more than 97,000 new cases diagnosed each year in the United States. Its ability to spread widely and quickly to other body parts makes melanoma the deadliest of all skin cancers. It can strike anyone, regardless of gender, ethnicity, or age. Alarmingly, melanoma is one of the most common forms of cancer diagnosed in young adults, and the most common cancer diagnosed in people aged 25-29. Despite recent scientific progress, patients with metastatic melanoma still face a grim outlook. In the United States alone, over 7,000 people die from melanoma each year.

Through strategic investment in research, dynamic collaborations, and a focus on better outcomes for patients, the Melanoma Research Alliance (MRA) is leading the way against this disease. Our passion has helped us accomplish much in our short history, but much more remains to be done as we work toward a day when no one suffers or dies from melanoma.
100% of your donation will go directly to research. no admin, development, or other fees.
Since its founding in 2007, MRA has played a pivotal role in the global response to melanoma. MRA has helped transform the landscape for melanoma research from minimal investment and activity to one of momentous excitement and breakthroughs.

Your story is powerful! It will motivate your friends & family to support your fundraiser.

For most people - the idea of supporting melanoma research is abstract UNTIL you help them understand that research matters to millions of people - including you!

Keep your story short:
• “I had a melanoma scare 2 years ago”
• “My Dad passed away from melanoma”
• “My Aunt is battling melanoma right now”

Make a clear ask and connect it to your story:
• I’m donating my birthday because I wish I had the treatment options when I fought melanoma that they have now...Would you donate and support this life-saving work?
• Please donate to MRA because my Dad would want to help others going through what he went through.
• Donate to support melanoma research because My Aunt needs us to fight too!

Use photos that help your friends and family connect the dots!
